RUSSIAN AND AMERICAN TROOPS HAVE BEEN WITHDRAWN FROM PEKIN

GEN. CHAFFEE'S ARMY AND CONGER FOLLOW OUT TROOPS OF THE CZAR

England, France and Japan Likely to Follow Suit Soon ----Germany and Italy Have Not Decided---- Czar Blocks Kaiser's War Game.

Tien Tsin, Sept 1—[Special Cablegram]—It is reported that the Russian troops have withdrawn from the city of Pekin followed immediately by the American forces. Minister Conger and all the American missionaries and civilians followed the American soldiers under Gen. Chaffee.

The English, French and Japanese troops it is thought, will soon leave the city also, leaving the Germans and Italians in sole possession.

Ordered Out by the Czar.

St. Petersburg, Sept. 1—[Special Cablegram]—The czar has ordered the Russian troops out of Pekin. They will march to Tien Tsin. This means that Li Hung Chang is accepted as Chinese commissioner and negotiation for peace will at once ensue. Czar has effectually blocked the war program of the Kaiser.

Gen. Chaffee Has Orders.

Washington, Sept. 1—[Special Telegram]—There is no official news here to confirm the report that the Russians have withdrawn from Pekin. Gen. Chaffee has orders to withdraw the Americans if the Russians leave the Celestial capital.

England Has Been Outwitted.

London, Sept. 1—[Special Cablegram]—The London papers are having a severe discussion over the Russo-American pact. The Mail says England has been outwitted by Russia and deceived by the United States.

France Still Considering.

Paris, Sept. 1—[Special Cablegram]—The foreign office denies that a reply has been made to the American note regarding the evacuation of Pekin. It is still under consideration.

Russians Leaving Pekin

St. Petesburg. Sept. 1. [Special Cablegram.]—The official messenger publishes a note declaring that the principal object of the Pekin expedition is attained. It is announced that General Linovitch, the Russian commander at Pekin has been ordered to transfer the Russian legation from Pekin to Tien Tsin and that he is now accomplishing that object.

England Wants an Understanding

London, Sept. 1 [Special Cablegram]—The Central News learns that England has decided to not withdraw from Pekin until after an understanding has been reached with the Chinese government.

AMERICAN TROOPS TO LEAVE PEKIN

Gen. Chaffee May Follow the Lead of the Russian Contingent

Washington, D. C. Sept. 1—"If Russia persists in her declaration to withdraw her troops from Pekin orders will be sent—in fact they have already been sent—to Gen. Chaffee to leave the capital with all his troops, American officials and citizens. The American commander will vacate the city just as soon as the Russian forces take their departure."

The above statement was made last evening by Secretary Root.

An early withdrawal from Pekin by the United States, Great Britain, France, Japan and Russia may be anticipated, and it is not believed to be probable that Germany and Italy will take the responsibility of remaining alone. It is the belief of the administration, however, that a withdrawal from Pekin at this time would be a mistake.

Russians Ordered to Retire

Russia has announced that the Russian minister has been directed to retire from China and that the Russian troops will be like wise withdrawn. It is the view of the administration that Mr. Adee's note may influence the Russian government to reconsider this program. It is hardly expected even in administration circles, however this result will be accomplished. Russia will probably persist in its determination to leave Pekin.

France Approve the Note

France has already notified the United States, and presumably the other powers have not yet been received, but there are indications that even Germany will be reluctant to take the responsibility of introducing discord by remaining in Pekin if the others withdraw.

FLIGHT OF BOERS TO THE MOUNTAINS

KRUGER HAS FOUND REFUGE AT PILGRIMS' REST.

Burghers Give Up All the Railroad Lines—British Forces Hold All the Lines Almost to the Portuguese Frontier—It May Be the Beginning of the End.

London, Sept. 1—Official reports received today from Lord Roberts indicate that President Kruger and the Boer troops under General Botha are in full retreat northward from the Delagoa Bay railroad. Lord Roberts in one dispatch says President Kruger is reported by natives to be making for Pilgrim's Rest, northeast of Lydenberg, about fifty miles north of the railroad.

British Control Railroads.

After nearly eleven months of war President Kruger and the remnants of his army seem to be making for the last refuge in the mountains in the northeastern part of the Transvaal.

Pilgrim Rest is about fifty miles northeast of Machadodorp, until recently President Kruger's capital. It is not on the railroad and the Boer army if it makes a stand there will maintain its commissary department with no little difficulty.

The British army now practically controls the railroad from Pretoria to the Portuguese east Africa frontier.

Report by Gen. Buller.

London, Sept. 1.—Lord Roberts, under date of Belfast, Aug. 29, reports to the war office as follows:

"Buller telegraphs from Helvetia that only a few of the enemy are there, and that this morning French's and Pole-Carew's forces will move on their flank.

"The advance of Dundonald's mounted troops on their front caused them to abandon a very strong position. The country thus cleared, our troops moved eastward. The South African Light Horse, after little opposition, entered Watervalhoven and drove the remnant of the enemy through the town.

"French's column reached Doornhoek, overlooking Watervalonder, with slight opposition. Dundonald, with Strathcona's Horse, is further near Nooit Gedacht. We have occupied Watervalhoven and Watervaldon.

"Buller reports that Nooit Gedacht is apparently deserted except by British prisoners, who are passing in a continuous stream up the line toward Watervalonder. No Boers are visible. The natives report that Kruger and all the commandoes left yesterday for Pilgrim's Rest.

"French reports the railway intact as far as Watervalonder, except for a small bridge near the station, which has been destroyed."

TOTAL POPULATION PUT AT 76,000,000

ESTIMATE ON THE NUMBER OF RESIDENTS IN THE U. S.

It is Based on the Published Results of the Twelfth Census So Far—Per Cent of Gain is About 24—Will Increase Membership of the Lower House.

Washington, Sept. 1.—A conservative estimate of the total population of the United States, based upon twelfth census returns already reported, is 76,000,000.

The census bureau, up to and including today's reports, has given out the population of thirty-eight cities and the District of Columbia. This includes the thirty largest cities in the country, which means that the great centers of population must necessarily be the basis for all present estimates.

Results already tabulated and given to the public make a grand total of 13,824,988. In 1890 the returns of the eleventh census showed the same places had but 10,471,188 inhabitants. This is a gain of 3,347,800. The percentage of gain is therefore slightly over 24.

If the rest of the country makes the same showing as have the most thickly settled portions upon which the percentage is based the population of the United States will be officially fixed at 77,651,590. Experts say there are no records or traditions in statistics of this sort to bear out an assumption to this effect. They declare, though, that the loss in so-called rural districts will not be nearly so large as generally believed.

Within the last decade, they say, this country has experienced a significant change in the matter of equal and general growth. They point to the fact that within the ten years separating the eleventh and the twelfth census there has been a steady growth in suburban settlement.

It is said that the wonderful development of the electric street railway systems throughout the country has tended to build up the country districts adjacent to the large cities. Thousands of people who had homes in the cities in 1890 have moved into the smaller and quieter outlying towns, where they have easy and quick access to their offices and stores and yet are not numbered among the city folk.

The cheapening of rates by the steam railroads within ten years and the vast efforts made by these lines to work up a paying suburban traffic also have tended to deprive the big centers of population of a vast army of people who used to live within the municipal limits just because it was most convenient.

REPORTED SUICIDE OF TSUNG YI FU HEIR APPARENT TO CHINA'S THRONE

The Imperial Court is Still in the Mountains, 200 Miles Southwest of Pekin--Escorting Troops Are Devastating the Country.

Shanghai, Sept. 1—[Special Cablegram]—It is reported that Tsung Yi Tu, heir apparent to the Chinese throne, has suicided. The Chinese imperial court is still at Tai-Yuen-Fu in the mountains 200 miles southwest of Pekin, not daring to proceed further because of lack of discipline among the escorting troops. These are devastating the country in all directions and even high officials have been murdered by them while trying to join the empress. The German legation has been established here temporarily.

ALL WERE KILLED WHILE EATING

Two Thousand Boxers Massacred While Holding a Banquet.

Shanghai, Sept. 1.—Two thousand Boxers were invited to a banquet at Tsang Chow by the Governor, and while eating were slain by imperial troops.

Boxers have overrun the country southwest of Tientsin and are looting and killing the enemies of their organization and fighting the imperial troops.

The looting of Pekin continues, officers of every nation, except the Americans, ignoring the repressive orders.

The State Department makes public the text of Russia's proposal to withdraw troops from China and the reply thereto of the United States. There is some dissension in England regarding the attitude of these countries, where it is said that the entire matter rests upon the decision of Germany.

Details of Slaughter at Feast.

Taku, Sept. 1.—An intercepted letter, written by the Viceroy at Pao-Ting-Fu, who commanded at Tientsin during the fighting there, complains that the Boxers are overrunning the country southwest of Tientsin, particularly the cities on the Grand canal, despising the officials, who at first countenanced them, and looting and killing the enemies of their organization, and fighting the imperial troops.

The gates of Pao-Ting-Fu are kept closed and the people inside are suffering, the Boxers practically besieging the place.

The Viceroy reports that the Taotai of the city of Tsang-Chow, on the canal, invited 2,000 Boxers to a feast, and that while the Boxers were eating and their weapons were stacked, the imperial soldiers by his orders fell upon them and slaughtered all of them.

SAMOA COMMANDER REPORTS.

Monument to Soldiers Slain in Apia Is Unveiled.

Washington, Sept. 1.—The navy department has received an interesting letter from Commander B. F. Tilley, commanding the United States naval station at Tutuila, describing the promising conditions in the American section of the Samoan islands and recounting the impressive ceremonies attending the unveiling of a monument to the American dead who fell in the short engagement there in April, 1899.

Of the conditions, Commander Tilley says:

"I am glad to report that everything connected with the new government is progressing in a most satisfactory manner in all the islands. The natives show much interest in the new methods of government, and they are striving to learn and comply with my wishes. The general condition of the people could not be more satisfactory. They are quiet everywhere, and are improving their roads, cleaning up their villages and their surroundings and planting their gardens and plantations. Prosperity for the islands seems fully assured."

SEVERAL DIVORCES FOR NOVEMBER TERM

Coming Session of Court Promises to Reveal Some Interesting Cases of Local Interest.

When the coming November term of court for Rock county opens the first Tuesday in November, the docket promises to reveal several divorce actions that have local interest attached to them.

A prominent east side attorney said today:

"Divorces will be numerous when the November term of court opens. I have three such actions to look after and I know of at least a half dozen others that are to come up for a hearing. There is also talk that a grand jury may be summoned to air several matters of a local interest. I refer in particular to alleged gambling places and two cases of embezzlement.

CHARLES CANIFF SAILS FOR CHINA

JANESVILLE BOY WRITES FROM SAN FRANCISCO.

Joined the Regular Army, with Others from Here—Placed Aboard the Transport Sherman — He Expects in Time to Be Sent to the Philippines.

Charles Caniff, a well known Janesville boy and the son of Mr. and Mrs. J. A. Caniff has sailed for China to fight the Boxers.

In a letter received from San Francisco Mr. Caniff stated that his regiment were about to board the United States transport Sherman and that the order was to sail for the land of the Chinese.

Mr. Caniff also stated that in time the regiment expected to be sent to the Philippine Islands. The soldiers, he said were all anxious to go to China and were eager to get a hand in the trouble if their services were needed by Uncle Sam. In part the letter reads as follows:

"All the boys are anxious to get in the game over in China. Yesterday was pay day here, but as forty of us signed the pay roll while in Columbus barracks we did not get our pay, but there will come a time some day. Putman of Janesville is one of the company cooks, eight draws $18 per month instead of $13, but you can bet he earns it. I have not seen anything of any of the other Janesville boys."

SOCIAL DEMOCRATS WANT WHITTAKER

Bower City Cigarmaker Is Likely To Be Nominated on Their Ticket at Milwaukee.

Tomorrow in the city of Milwaukee will take place the state convention of the social democratic party.

For lieutenant governor, Albert Whittaker of Janesville, has been mentioned. Mr Whittaker is a cigarmaker and an active unionist.

Thus far only one name has been mentioned for governor, that of Victor L. Berger, editor of The Vorwaerts of Milwaukee, but he is understood to have personal reasons against accepting. Howard Tuttle, the party candidate two years ago, is talked of for congressman of the Fourth district, so that he may not be put forward for the gubernatorial office.

PANIC IN GLASGOW BUBONIC PLAGUE

Glasgow, Sept. 1—[Special Cablegram]—It is officially admitted that there are twelve genuine cases of bubonic plague in the hospital here. The second hospital has been opened. Sixty suspects are under observation. People in the poorer quarters are panic stricken.

ANOTHER SUN BROIL IS EXPECTED HERE

ALL SIGNS POINT TO A PROLONGED HOT SPELL.

Weather is Repeating Exactly the Meterological Conditions of the Eight Days' Hot Wave in August—Whole East, West and Northwest Inundated with Heat Yesterday.

Janesville is likely to again suffer under a prolonged hot spell, such as she endured for eight days in the past month. All signs point to it.

This morning the United States weather forecaster in Chicago explained that an area of low pressure was central over the Dakotas and that a high pressure existed in the basin of the St. Lawrence. The latter is almost sure in the next few days to move southward and halt over the southeastern Atlantic states. This will be repeating exactly the meteorological conditions of the eight days' hot wave of August.

The obvious deduction, then, is that next week means another broil. The weather man does not say it but he expects it. If it comes it will be likely to tarry a while, too, perhaps for a week or nearly.

The whole west, northwest and the east as far as Philadelphia was inundated in heat yesterday. Today was fair, with slowly mounting temperature; Sunday likewise, and the winds will evince a tendency to shift into the south. The full force of the hot wave may be upon us ere nightfall or may delay until tomorrow. But it will come.

ATTEND STATE CONVENTION

Epworth League Delegates Will Visit Marinette From Janesville

Delegates from Janesville will visit Marinette in February next. The state convention of the Epworth league will be held in Marinette from February 21 to 24. This decision was reached by the state cabinet this week and local members have already started preparations for the affair. Over 250 delegates and as many more members are expected to attend. The sessions will be held in Gram M. E church.

HUNTERS AFTER CHICKENS.

Many Left the Bower City For the Surrounding Country.

Prairie chicken hunters left Janesville today in goodly numbers. The state law now allows the killing of chickens and local sportsmen were not slow to realize the fact. Among the local hunters who are out enjoying the sport are: H. G. Carter, Sanford Soverhill, Will McIntosh, H. H. McKinney, Dr. E. D. Roberts, B. F. Nowlan, W. H. Appleby, C. P. McLean and Orin Sutherland.

UNEMPLOYED MEN SCARCE THESE DAYS

Farmers Are Having a Hard Time Finding Help in Janesville—Good Wages Offered.

Laboring men looking for work are scarce in Janesville these days. No less than a hundred farmers have been in the city this week seeking help to assist them in harvesting their leaf tobacco crop. In most cases the farmers were obliged to return home without securing help. In many instances boys were hired, being paid from $1 to $2 per day.

The recent hail storms in and near Janesville have been the means of hurrying the tobacco harvest.

The tobacco growers are bending every effort and working over time this week to harvest the crop that is crowding upon them. The standing tobacco is maturing very fast and with help at command it is difficult to keep up with the work and secure the fields as fast as they ripen. A large share of the crop has been transferred to the curing sheds this week, but additional shed room has to be provided for on so many farms that some delay will be necessary, and overripe tobacco left standing longer than it ought.

CHIEF JUSTICE CASSODAY and daughter, Mrs. Ella Jacobs of Madison, were in the city yesterday to attend the funeral of the late Mrs. David Jeffris.

LABOR COMMITTEE COMPLETES PLANS

Program On Monday Will be a Most Interesting One—Good Speaking, Vaudeville and Games.

On next Monday, Labor day, the different trade unions will hold their annual picnic in Janesville. The committee who have charge of the arrangements have worked hard to make the affair a success, and they will, it is believed, find their efforts crowned with success.

The program of the day will commence at one o'clock sharp with the holdidg of a parade, which will form at the corner of South River and Dodge streets and pass through the business streets. The parade will end at the court house park and will be followed by speaking.

The speakers are Mayor V. P. Richardson, Rev. Father Goebel and Rev. R. C. Denison. A program of sports will follow, for which liberal cash prizes will be given.

Vaudeville performances on elevated stages will take place throughout the city during the afternoon. The stages will be placed at the corner of Milwaukee and High streets, Milwaukee and Franklin streets, South River street, North Main street and South Main street. The vaudeville artists have been engaged in Chicago and are first-class in every respect.

The day's festivities will wind up with a grand dance in the evening at Assembly hall, for which Smith's full orchestra will furnish the music.

HARD COAL BARONS STARTS COAL SCARE

Effort to Make the People Buy their Coal Early—Spreading Alarmist Rumors.

The regular autumnal alarmist rumors about a probable scarcity of anthracite coal during the coming winter are now current. This time it is asserted that a strike is impending which will send prices skyward before the winter is over.

Local retailers of eastern coal look wise and solemn when they point out all sorts of uncertainties about the winter supply of hard coal. Last year about this time it was given out that, owing to a short supply, no coal would be shipped to the west until after the eastern stock was laid in. But the winter came and prices did not advance.

Too much attention to the alarmist rumors regarding the alleged impending strike and the possible consequent shortage of hard coal is likely to cause an advance of coal prices by which members will compel themselves to pay extensive sums for coal that later on very likely can be bought at a more reasonable figure.

The advantage that acrues to the eastern coal operators when they scare consumers into laying in their coal early at a high price is that they can get rid of their coal as fast as it is mined; otherwise they would have too carry their stocks until winter, providing storage and losing the interest on the money invested in the coal.

By starting a coal scare in the summer consumers are induced to buy their coal months in advance of cold weather, thus relieving the coal operators of the loss of interest and the cost of storage. At the same time by realizing on their coal before navigation closes and before teaming becomes difficult the dealers are insured a better profit,

There is a point beyond which eastern coal cannot advance without driving western people to the use of cheap western soft coal. Eastern hard coal operators are fully cognizant of this, and are governed by it in adjusting hard coal prices. Indeed, the steady improvement of devices for burning soft coal, the use of fuel gas made from soft coal and the utilization of heating plants in which soft coal is easily and economically burned, has already created a great change in the consumption of hard coal.

WILBUR BROS. ARE VICTIMS

Former Janesville Residents Were Caught by the Beloit Forgeries.

Among the victims of the recent Beloit forgeries were two well known former Janesville men. Wilbur Bros., who now run a saloon in the Line City, were caught for a cash consideration. The forgers passed a check at their place of business without much trouble and soon afterwards made their escape to Chicago.

MONTH OF AUGUST RECORD BREAKER

JANESVILLE ELECTRIC LINE IS BOOMING.

More Passengers Carried in the Month Ending Yesterday Than in Any Month Since the Road was Built—Cheap Rates After Six O'clock in Favor.

Superintendent Hurd of the Janesville Electric railroad reports that the month of August, 1900 has proved to be the most profitable month in the history of the local line. This report is most encouraging to the stockholders who now realize for the first time that their holdings are begining to realize a profit on the investment.

Superintendent Hurd says that the continued warm and rainy spell of weather during the month of August compelled many people to ride. The only day during the entire month when business took a sudden jump was when the Wallace circus made its appearance.

The cheap rate fares after 6 o'clock have also proved most popular and has been the means of inducing thousands to ride.

Since assuming charge of the local line Superintendent Hurd has at all time looked closely after the interests of the public and it is only justice to state that the line was never in better condition than it is today.

DECORATING CHURCH HAS COST $1000

Baptist Edifice of This City Has Been Much Improved During the Past Few Weeks.

For the past five weeks the Baptist church of this city has been given over to carpenters, masons, painters decorators, carpet layers and beautifiers of every sort. War has been waged against dirt and rags, upward of $1000.00 has been expended in repairs. Tomorrow the church will be opened for the first time, and the public is cordially invited to come and inspect the work. At the morning service the pastor, Rev. A. C. Kempton, will preach a sermon appropriate to the reopening, upon the theme, "Our Church Home." The calendar will be bristling with points of interest, showing that this church has already entered upon an earnest campaign of work. Every department of work that has been dropped during the intense heat of August will now be taken up with new life and energy. The evening service will be at 7:30. The music will be in charge of Mrs. F. P. Larned who has already won her way into the hearts of this congregation.

I, Janesville, 154.1. The scores of the companies at West Superior, Reedsburg, Oconomowoc and Rice Lake are a trifle lower than the Janesville boys.

Cleanest in America.

The Lackawanna Railroad is the cleanest railroad in America. Even though it cared little for the comfort of its passengers, which it does, it probably would burn hard coal, for the reason that it owns the most extensive anthracite coal mines in Pennsylvania, and it is cheaper for it to burn hard coal, which makes no smoke, than soft. At any rate, there is no smoke from its locomotives. It is built for the most part through the mountains where rock is the material easiest of access, and its road bed for that reason is rock-ballasted. There is therefore, no dust. These two things are of unusual interest to the traveler by the line, for the reason that on no no other road in the United States is there stronger incentive to keep one's eyes upon the passing scene. It is said of this line truthfully that every mile is picturesque. It traverses the agricultural region of Western New York, the valley region of Central New York, the mountain region of Pennsylvania and New Jersey, and every mile offers a view that is beautiful, interesting and entrancing. In point of comfort its passengers are particularly fortunate, for, in addition to there being no smoke or dust, the cars are roomy and scrupulously clean. Sleeping cars, parlor cars and dining cars offer all the conveniences and comforts of modern travel.

WINE OF CARDUI

HEALTHY OLD AGE.

LARUE, BENTON CO. ARK., Aug. 4.

I am 48 years old and have been suffering with Change of Life. I had flooding spells so bad that none thought I could live. My husband got me Wine of Cardui and it saved my life. I am like another person since taking it.

MRS. E. B. TOWNSEND.

Wine of Cardui

It is the devout wish of nearly all people to live to a ripe old age. None of us want to die young. This universal desire can be realized if care be taken of the health in early and middle life. A little precaution then will add many years to our existence. Death can be kept away a long time. Happy, healthy old age will be the lot of the woman who promptly corrects the ailments which afflict her sex. In youth, Wine of Cardui will take the female child safely over the dividing line between girlhood and womanhood. As a wife she needs it to help her through the trials of pregnancy and childbirth with as little discomfort as possible. At the Change of Life it will help her over the dangerous place that appears in her pathway between 40 and 50. Then will come many years of truly blissful existence. MAYOR ROSE'S SPEECH.

Mayor Rose, of Milwaukee, spoke in Janesville Thursday, and as he asked some questions we assume that he desires an answer. In the course of his remark, Mr. Rose said:

> Dewey was sent to the Philippines to destroy the Spanish fleet. When he accomplished his mission why didn't he return? Why is our army there now? The Filipinos are more capable of self-government than the Cubans. If they are capable, they are as much entitled to freedom as we are. The great question now is whether the United States can be part-republic and part-empire. A question whether the constitution shall prevail or congress be allowed to trample it under foot.

Dewey didn't return after destroying the Spanish fleet, Mayor Rose, for the simple and entirely sufficient reason that the rules of warefare and civilization made him responsible for the lives and property of the people. The Tagals were menacing the Spaniards on one side, and the Americans had smashed Spain on the other. If Dewey had then sailed away, the Tagal forces would have made short work, not only of the Spaniards, but of all the foreigners in Manila. Spain had protected these people and their interests up to the time of Dewey's coming, and when Dewey, because of the necessities of war, wiped out the power of Spain, he had to assume Spain's burden, and enforce law and order. This proposition is too simple to be open to debate, and fully answers the question, "Why is one army there now?" The American people never shirked a responsibility or dodged a duty before God and man and they never will—not even to please His Honor, Mayor David S. Rose of Milwaukee.

"The great question is now," says the mayor, "whether the United States can be part republic and part empire." This question can be answered with equal promptness—it is not now, never can be, never has been and never will be—as the mayor well knows when he is not on the political stump.

Many people who heard the mayor's speech declared against the principles advocated, and one man—a lifelong democrat, by the way—declared "such flimsy arguments hurt the cause, and I am glad of it."

The Crow Indians, of Montana, who raise much wheat, have entered into a contract with the United States government to supply the Cheyenne Indians with flour. They are rich in farms, flocks and herds. This is the first time a government contract was ever let to to an Indian-at least to a "blanket Indian, of the mountains.

The Hon. Mr. Corbett offers a poetical reason for his victory over the Hon. Mr. McCoy—"W'en I see dat de Kid couldn't wallop wid both mitts, I went in an roughed him out. But he kin punch, he's a hot one."

Assemblyman L. Holden Parker and wife of Beloit have left for a trip through Europe, it being on the account that Assemblyman Parker did not stand for a renomination.

A few days ago we predicted that the oysters would be ripe today. This is September—spelled with an "r." "When you see it in The Gazette it is New and True."

The Hon. Mr. Corbett and the Hon. Mr. Fitzsimmons appear to have secured their second wind as is shown by the fact that both have deprived other husky fellow's of theirs.

Place the fillet into the pan, dredge with flour and spread thickly with butter. Bake in a quick oven 30 minutes. Thirty minutes is the time required for a fillet regardless of its weight. When done, place on a hot platter. Into the pan put one tablespoonful of butter; brown and add two tablespoonfuls of flour. Stir constantly until a smooth paste; then add two cupfuls of stock or boiling water and stir until it boils. Strain into a saucepan and add one pint of canned or freshly stewed mushrooms. Cook three minutes. Take from the fire, add one teaspoonful of worcestershire sauce and salt and pepper to taste. Pour some over the fillet, the remainder into a sauce dish. Serve.

EASILY PROVEN.

There is Not the Slightest Necessity for Leaving Janesville to Look for Proof.

The experience given below by this well-known citizen of Janesville is easily proven. The proof he offers for his convictions can safely be left with the reader. It is a difficult matter to describe an aching back or any of the ills caused by disordered kidneys. How to cure the trouble is of much more importance, and the most exacting resident of Janesville cannot ask for any better authority on this point than that given by Veteran A. F. Lee, of 51 Sharon St., carpenter, who says:

> For twenty years it troubled me a great deal, many days I could hardly keep at my work, and by rights should have staid at home and doctored. It was seldom that my back did not ache, and I have been completely laid up for three or four days at a stretch. When stooping or lifting sharp twinges penetrated the kidneys, the secretions from those organs were too frequent, and accompanied by pain. I used all kinds of remedies but none gave permanent relief. Obtaining Doan's Kidney Pills at the People's Drug Co., I took them, and after the first three or four doses a noticeable change was brought about. I improved steadily from then on and on completing the treatment I was in good condition and am now well."

UNSAFE BRIDGE SPANS THE RIVER

Milwaukee Street Structure Rotten in Many Places—Trembles From One End to the Other.

There is no longer any secrect in the fact that the Milwaukee street bridge is unsafe in many places. In many instances the timbers have rotted away and with the crossing of every heavy load the structure trembles from one end to the other.

Without much of an effort Attorney W. G. Wheeler pushed his foot through the bridge making a hole fully a yard square that threw the rotten timbers and block to the river below.

This rotton spot is now covered by two heavy planks in front of the C. C. Bennett shoe store. An inspection of the bridge shows that there are many week spots in it.

Many of the prominent tax payers are in favor of a substantial iron bridge in place of the present dangerous structure.

Mr. Blabon states that the Ohio men behind the enterprise have backed out of the deal and that they have given up and intention of constructing such a line from Janesville to Rockford.

The letter was received by Supt. Hurd of this city. The men who talked of building such an interurban line have plenty of money and are well known business men at Elyria, Ohio.

THE VETERANS BREAK CAMP

Thousand of Them Meet ... M...

OLL... GE THIN ...NKS.

Unless the Railroads Are Lenient There Will Be No Encampment Next Year—Denver Is Selected Provisionally—Minor Officers Selected.

Chicago, Sept. 1.—The Grand Army of the Republic has disbanded, probably to march no more. The majority of the old soldiers have gone home from the thirty-fourth annual encampment feeling that they have passed in review of the American people as a body for the last time. They are all nearing their allotted threescore and ten years. Their steps are faltering and they would look upon another parade as a "forced march." Travel across the country on railroads fatigues them now. Many returned to their homes from this encampment determined never to leave their big armchairs to attend another.

There are a great many visitors still in the city, however, and now that the rush is over, they are "seeing the sights" leisurely. By tomorrow night few of the 300,000 strangers that have thronged the city this week will be left, as their railroad tickets are limited.

The next annual Grand Army encampment will be held at Denver, Col., provided the western railroads agree to give the old soldiers a uniform rate of one cent a mile from all points. In case of the refusal of the railroad companies to grant the "cent-a-mile" fare the council of administration has the authority to either select another place for the encampment or to call a meeting exclusively for officers, who would disucss the advisability of abolishing the annual encampments. The elimination of the parade as a feature of the coming encampment is almost a certainty, and it is believed that the encampments will be restricted to the business sessions of the supreme body.

The following resolution in this regard was adopted just after the installation of the commander-in-chief, Maj. Rassieur:

"The commander-in-chief and his council of administration are directed that if a rate of one cent a mile can not be secured from the railroads to the next place of meeting, and in case the rate can not be secured, the reunion feature of the national encampment shall be omitted."

The Farewell Program.

The farewell program for the week of G. A. R. entertainments follows: Afternoon—Baseball, golf and other games in the various parks throughout the city. At 4 p. m.—Concerts in Lincoln, South and Garfield parks. At 8:30 p. m.—Fireworks display, lake front; electric fountain at Lincoln park; final illumination of streets, arches and court of honor; taps.

The official entertainment of the thirty-fourth national encampment and the past and present officers of the G. A. R., which took the form of an excursion to Milwaukee and return, was productive of agitation for the abandonment of the veterans' yearly parade on the ground that the "boys in blue" are growing too feeble to endure marches, and the change was suggested by Capt. L. W. Pitcher of Columbia post, Chicago, and supported by Thomas Lawler, past commander in chief.

More Parades Assured.

"There will be many more parades before the history of the Grand Army of the Republic is sealed," said the commander in chief, emphatically, "and I wish to announce positively that the next encampment, which, according to present arrangements, is to be held in Denver, will see a parade which will not be as far behind that of Chicago as some persons may believe. There are many old men in the ranks of the organization and some of them unquestionably will never be physically able to take part in another great parade, but, on the other hand, there are thousands of old soldiers who would refuse to attend an encampment at which there was to be no parade. The campfire and the reunion both belong to the national encampment, but it is doubtful if ... ever drive out the annual para...

... Rassieur, Adjt.-Gen. Frank ... rett, Past Commander of Kan... rtin, Executive Direct... F... Capt. J. M. Bean, representing the citizens' committee of Milwaukee, spoke briefly and informally to the delegates and guests in Schlitz' park, where refreshments were served. Past Commanders Lawler, Weissert and Walker and Maj. J. W. Burst were escorted to the old soldiers' home, where they addressed 2,000 inmates.

W. R. C. Election.

Mrs. Mary A. Sims of Indiana was chosen to be the spiritual adviser of the Women's Relief corps for the coming year, and Mrs. Carr appointed Mrs. Fannie D. W. Hardin of Denver secretary. Mrs. Georgia Wade McClelland of Iowa, an ex-nurse of the old army, was elected chairman of the executive committee. Other members of the executive committee: Mrs. Laura Sherman Remage, detached corps, Louisiana; Mrs. Anne M. Williams, South Dakota; Mrs. Nancy Danford, Wisconsin; Mrs. Mary I. Barton, Oklahoma.

COLORADO TIMBER BURNING.

Forest Fires Near Redcliff, Col., Sweep on Unchecked.

Redcliff, Col., Sept. 1.—A timber fire prevailing for the p... days in the vicinity ... the dese... e of Gold Park, ... les fro... s assumed threate... g propo... d is raging th... gh a large acreage of timber on Homestake mountain. Prospectors and miners operating in that section are returning to town, driven in by the suffocating smoke and the encroaching flames.

Weather conditions in this section are favorable for the spread of forest fires, as everything is exceedingly dry, owing to the almost entire absence of the customary rainy season, and unless the drought is promptly raised incalculable damage will result. The timber in which the flames now hold sway is among the finest in the state. The wind at present is heading the fire in this direction.

Killed During a Panic

Akron, O., Sept. 1.—As the result of a panic on an electric car at Silver lake, a suburban resort, one person was killed and three others injured. The panic was caused by a fuse burning out and flames bursting up through the car floor. The passengers became terrified and made a frantic rush to get off. Ferdinand Bargetz, Jr., 143 Pearl street, Akron, died from injuries received in jumping against a trolley pole. Miss Ada Huhlinger, Barberton, O., fell and her shoulder was dislocated. Miss Sadie Metcalf, Cuyahoga Falls, O., arm broken. Mrs. Killiam Metcalf, Cuyahoga Falls, O., painfully bruised. The car was returning to this city from Randolph park, where the Democrats annual picnic had been held.

Hanging Averts a Lynching.

Belair, Md., Sept. 1.—William Black, colored, was hanged here. He had been tried and sentenced to death for attacking Miss Jessie Bradford, 15 years old, who lived near Aberdeen, this county. Another negro, Louis Miller, was lynched in Belair some time ago for a similar offense, and Black escaped being lynched only because the sheriff hanged him two hours before the publicly announced time of execution.

Conflict May Provoke War.

Vienna, Sept. 1.—As a result of the tension between the Roumanian and Bulgarian governments, due to the demand of the former for the suppression of the Macedonian revolutionary committee, a frontier conflict has taken place between Roumanian and Bulgarian peasants at Verciorova, a few miles from the celebrated "iron gate" of the Danube, on the Roumanian side. Two Bulgarians were killed and many of both parties were wounded.

California Mud Volcanoes Active.

Laytonville, Cal., Sept. 1.—Twenty-five mud volcanoes in Mendocino county have begun spouting after a long period of inaction. Masses of thick black mud shoot high in the air from the craters, and, during the eruptions, there is a noise like that of thunder. The eruptions are accompanied by clouds of steam. The craters are about eight miles south of Laytonville.

Letters from Women Relieved of Monthly Pain by Lydia E. Pinkham's Vegetable Compound

Painful Menstruation

"DEAR MRS. PINKHAM:—I was troubled with female weakness, irregular and painful menstruation. I suffered so every month that I was obliged to go to bed, but thanks to your medicine I am now well. I would advise all women who suffer as I did to use Lydia E. Pinkham's Vegetable Compound." —MRS. ANNA LACY, Ross, Iowa.

Grateful Miss Musselman

"DEAR MRS. PINKHAM:—I always suffered at time of menstruation ever since menses began, with bearing-down pains, sickness at stomach, sometimes vomiting for two days, sometimes vomiting blood. As I grew older, the suffering became worse. I tried many things, but obtained no relief. At last I concluded to try your medicine. I took several bottles of Lydia E. Pinkham's Vegetable Compound and followed your other directions, and now menstruation is painless. I feel and know that I owe it all to your medicine, and never fail to recommend it. I am very thankful for what your medicine has done for me, and wish that every afflicted woman would try it."—JENNIE C. MUSSELMAN, 611 West Ave., Sidney, Ohio.

Prostration at Monthly Periods

"DEAR MRS. PINKHAM:—I was greatly troubled with my menstrual periods, was very weak and nervous, could not work at all. I have taken Lydia E. Pinkham's Vegetable Compound for several months, also used the Liver Pills and Sanative Wash, and am wonderfully improved in health. My neighbors are all surprised to see me out and doing my own work. I would advise every suffering woman to try Lydia E. Pinkham's remedies."—MRS. HENRY MUELLER, 543 McAlpin Ave., Clifton, Cincinnati, Ohio.

Irregular Menstruation

"DEAR MRS. PINKHAM:—I want to thank you for what Lydia E. Pinkham's Vegetable Compound has done for my daughter. It has helped her very much. She had doctored for two years, but obtained no relief, and now in two months and a half she is well. Menstruation is now regular, appetite has returned, the pain has left her side and her headache is better. I feel very thankful to you also for your kind advice."—MRS. AUGUST PFALZGRAF, South Byron, Wis.

RUSSIA'S POLICY CLEARLY STATED

Wants No Chinese Territory, and Is Ready to Withdraw Its Troops at Once.

Washington, Sept. 1.—The department this morning made public the proposal of Russia to withdraw troops from Pekin and the answer of this government thereto, as follows:

The state department has just made public the text of the Russian proposal and its own responses as follows:

"Chinese Correspondence, Aug. 28-29, 1900.—Purposes of Russia to China: Telegraphic instruction sent to the representatives of the United States in Berlin, Vienna, Paris, London, Rome, Tokyo and St. Petersburg:

"Department of State, Washington, Aug. 29, 1900.—The Russian charge yesterday afternoon made to me an oral statement respecting Russia's purposes in China, to the following effect:

"That, as already repeatedly declared, Russia has no designs of territorial acquisition in China; that, equally with other powers now operating there, Russia has sought the safety of the legations at Pekin, and to help the Chinese government to repress the troubles; that, incidentally to necessary defensive measures on the Russia border, Russia has occupied Nieuchwang (New Chwang) for military purposes, and, as soon as order is re-established, will retire troops therefrom if the action of other powers be no obstacle thereto; that the purpose for which the various governments have co-operated for relief of the legations in Pekin has been accomplished; that, taking the position that, as the Chinese government has left Pekin, there is no need for her representatives to remain. Russia has directed the Russian minister to retire with his official personnel from China; that the Russian troops will likewise be withdrawn; and that when the government of China shall regain the reins of government and afford an authority with which the other powers can deal, and will express desire to enter in negotiations, the Russian government will also name its representative.

"Holding these views and purposes, Russia expresses hope that the United States will share the same opinion.

"To this declaration our reply has been made by the following memorandum: In response to the Russian charge's oral communication, made on Aug. 28, 1900, to the acting secretary of state, touching the purposes of Russia in China:

"The government of the United States receives with much satisfaction the reiterated statement that Russia has no designs of territorial acquisition in China, and that, equally with the other powers now operating in China, Russia has sought the safety of her legation in Pekin, and to help the Chinese government to repress the existing troubles.

"The same purposes have moved and will continue to control the government of the United States, and the frank declarations of Russia in this regard are in accord with those made to the United States by the other powers.

"All the powers, therefore, having disclaimed any purpose to acquire any part of China, and now that adherence thereto has been renewed since relief has reached Pekin, it ought not to be difficult by concurrent action.

"So far as we are advised, the greater part of China is at peace and earnestly desires to protect the life and property of all foreigners, and in several of the provinces active and successful efforts to suppress the Boxers have been taken by the viceroys, to whom we have extended encouragement through our consuls and naval officers.

"The present good relations should be promoted for the peace of China."

Russians Pressing Forward.

St. Petersburg, Sept. 1.—Dispatches received here under yesterday's date report that Gen. Rennenkampf's flying column is pushing rapidly toward Tsi Tsi Har.

The telegraph is working from Algun to Mergen.

The Russian losses during the advance were three officers and 22 men killed and five officers and 79 men wounded.

Kaiser Promises Protection.

Berlin, Sept. 1.—In response to an appeal from the Germans in Hankow, Emperor William wired the German consul there as follows:

"Tell the German trading community, in answer to their telegram, that protection for the Yang-Tse yallew will be provided on the arrival of nine warships now on the way to China."

Gentlemen:—I must say in regard to GRAIN-O that there is nothing better or healthier. We have used it for years. My brother was a great coffee drinker. He was taken sick and the doctor said coffee was the cause of it, and told us to use GRAIN-O. We got a package but did not like it at first, but now would not be without it. My brother has been well ever since we started to use it. Yours truly,

The stomach is the vital center of the body. The whole body is nourished from the stomach. The blood is made in the stomach. A disordered stomach means disordered blood, disordered body, disordered brain. You never heard of a sick person with a sound stomach.

How? As thousands of others have done by the use of Doctor Pierce's Golden Medical Discovery. It's the one sure medicine for the stomach. It heals. It strengthens.

"Words fail to express what I suffered for three years, with cold chills, palpitation of heart, shortness of breath, and low spirits," writes Mrs. A. C. Jones, of Walterboro, Colleton Co., S. C. "I could not sleep and really thought I would soon die. Had a peculiar roaring through my head all the time. Was so emaciated and weak I could not feed myself. My aunt induced me to try Dr. Pierce's Golden Medical Discovery, which I did, only to please her, and *six bottles cured me.* To-day am sound and well. During the three years I was sick I had five different physicians."
